Sunland Group

Since the creation of our first home in 1983, Sunland Group has directed every effort towards creating inspiring spaces and vibrant communities.

The Group's unique achievements in creating architecture as art are markers of our ongoing evolution – considered buildings that advance the body of knowledge in our field.

We strive to learn how spaces influenced by art, beauty and human values redefine the experience of 'home' and strengthen the bonds that create vibrant community life. Environments that nurture and engage the individual, and connect harmoniously with the community, for the betterment of all.

In the spirit of this enduring philosophy, we present The Lanes Residences West Village, where pioneering architecture, retail and lifestyle amenity come together to create the ultimate lifestyle destination.
