NEW WATERFRONT RETAIL AND RESIDENTIAL LIFESTYLE VILLAGE TO OPEN IN BENOWA

Sunland Group is delighted to announce the final touches are being placed on the \$82-million Marina Concourse precinct, the final chapter of the visionary master plan at the Royal Pines Marina in Benowa.

Scheduled for completion in October 2018, the new waterfront mixed-use development will feature 110 premium two and three-bedroom apartments, authentic food and beverage offerings, state-of-the-art swim school, offices, and a proposed new childcare centre.

Superbly positioned on the doorstep of the prestigious golf course at Royal Pines Resort, and only a short walk to Metricon Stadium, Marina Concourse enjoys waterfront views across to the Nerang river, the Gold Coast hinterland, and east towards the Surfers Paradise skyline.

Inspired by the beauty of classic architecture, the two tapered towers are poised perfectly upon their waterfront setting, making it the perfect backdrop for an integrated environment to live, work, eat and play.

Sunland Group Managing Director, Sahba Abedian, said the architectural facades, expansive gardens, and waterfront retail will add vibrancy to the precinct, creating an active meeting place for residents and the broader Gold Coast community to enjoy.

“Sunland has always understood the value of enduring architectural and landscape design, sensitive to the area’s own natural beauty, that connects people with place,” Mr Abedian said.

“Marina Concourse presents an opportunity for retailers to become a part of the wider master planned environment at Royal Pines, which is home to over 700 residents, all living within close proximity of the lifestyle village.”

He said the Group is seeking interest from potential retailers including a café, pizzeria or restaurant operator and health and beauty provider to complete the new Marina Concourse lifestyle hub.

Retailers can register their interest at: <https://www.realcommercial.com.au/property-retail-qld-benowa-502136646>
